lbs. Rubber Coated Egg.
\$2.40 ea.

NIAGARA LADDERS

In June 1900 Mr. John Bacon started making and selling ladders. The past half century has seen the business progress steadily. High quality and real value in all the products we manufacture and sell have always been our objective. Our success we believe is due largely to this policy.

PICKING BAGS of OUTSTAN

APPEACH

The Safe Canvas Bucket

This rigid frame, canvas-covered picking basket is designed especially for peaches and easily bruised apples. It is also excellent for all other fruits. Its front stays protect against the ladder and the top opening is large enough for picker to lay fruit in carefully. The bottom is larger and quickly released for easy emptying of its $\frac{3}{4}$ bushel capacity.

Weight $3\frac{1}{4}$ lbs. Each \$4.50

ORCHARD KRAFT

This general service bag is excellent for all types of fruit, and also is very handy for picking sweet corn. It is constructed to hang in front or at one side with a large opening so that picker may lay easily bruised fruit in. Its capacity is adjustable up to $\frac{7}{8}$ bushel by the closing drawstring which hooks at the sides. It empties easily through the wider bottom opening. Weight 2 lbs. Each \$3.60

APPEACH DELUXE

Same style and size as Appeach above, but with two extra front stays and more reinforcing for longer wear.

Weight $3\frac{1}{2}$ lbs.

Each \$5.00

APPEACH DELUXE JUNIOR

The $\frac{1}{2}$ bushel Deluxe — best for peaches and the ideal bag for women to use.

Weight $3\frac{1}{2}$ lbs.

Each \$4.75

JOHN BACON CORP.

PRODUCING QUALITY and VALUE

NIAGARA

This is the ideal bag for picking hard apples. It is carried to one side of front with weight evenly distributed on both shoulders. The pocket is held open with spring steel band and empties through the bottom which closes with a drawstring. This is the bag we recommend for hard apples.

Capacity 1 Bushel. Weight 2 lbs.

Each \$3.25

APPLE SIZERS

2", 2¼", 2½", 2¾", 3" holes accurately cut. Made of aluminum alloy.

Weight ¼ lb. \$1.00 Ea.

PEACH and PEAR SIZERS

1¾", 2", 2¼".

Weight ½ lb. 50c Ea.

PICKING STRAPS

Picking Straps with hooks
90c each

Picking Straps with small
snaps. 90c each

Picking Straps with large
snaps. \$1.15 each

10% Discount in dozen lots.
Weight ¼ lb. each.

WITH HOOKS

Picking straps are made with heavy 1½" webbing with adjustable slides.

The strap with hooks, has hooks to catch into the band of the basket.

Also straps with small snaps for cherry pails and straps with large snaps for apple picking pails.
